Web app

BallUp/RunIt
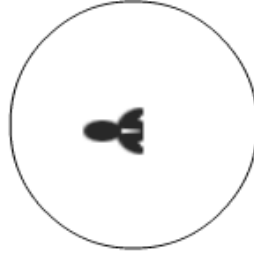

This app allows users to make & join nearby pick up games in any sport, anytime they want

Find a game

Start a game

Ever get that sudden urge to turn off netflix, get off your ass, and play a sport? If so, you probably often run into issues owith getting other people off their own asses to join you. Not any more. Our app allows anyone to organize any atheltic activity at a time that works best for you. Trying to get a 5v5 basketball game started at 5 PM at the community center? Simply list it, and wait for others to join.

Zach Brewer - He came up with this idea and knows little about web designing.

COMPS - The currupt, greedy, 4-game-long IM apps.

RecCheck - GameOn - Both pretty solid
